

Outsource Your Facilities Management

As a recognized leader in service, safety, and dependability, **Matheson Tri-Gas** is the choice for Site Gas Management.

When it comes to Site Service, you want proven expertise, responsiveness, and a program tailored to your needs. Matheson Tri-Gas Site Service program offers much more than gas cylinder change-outs. Whether your needs include optimizing inventory, ensuring that your Acid Waste Neutralization facility is running smoothly, or even verifying that all of your vendors' products meet specification, Matheson Tri-Gas can meet your requirements.

At Matheson Tri-Gas we understand that uptime directly affects your yield and profitability. We define our success by your success.

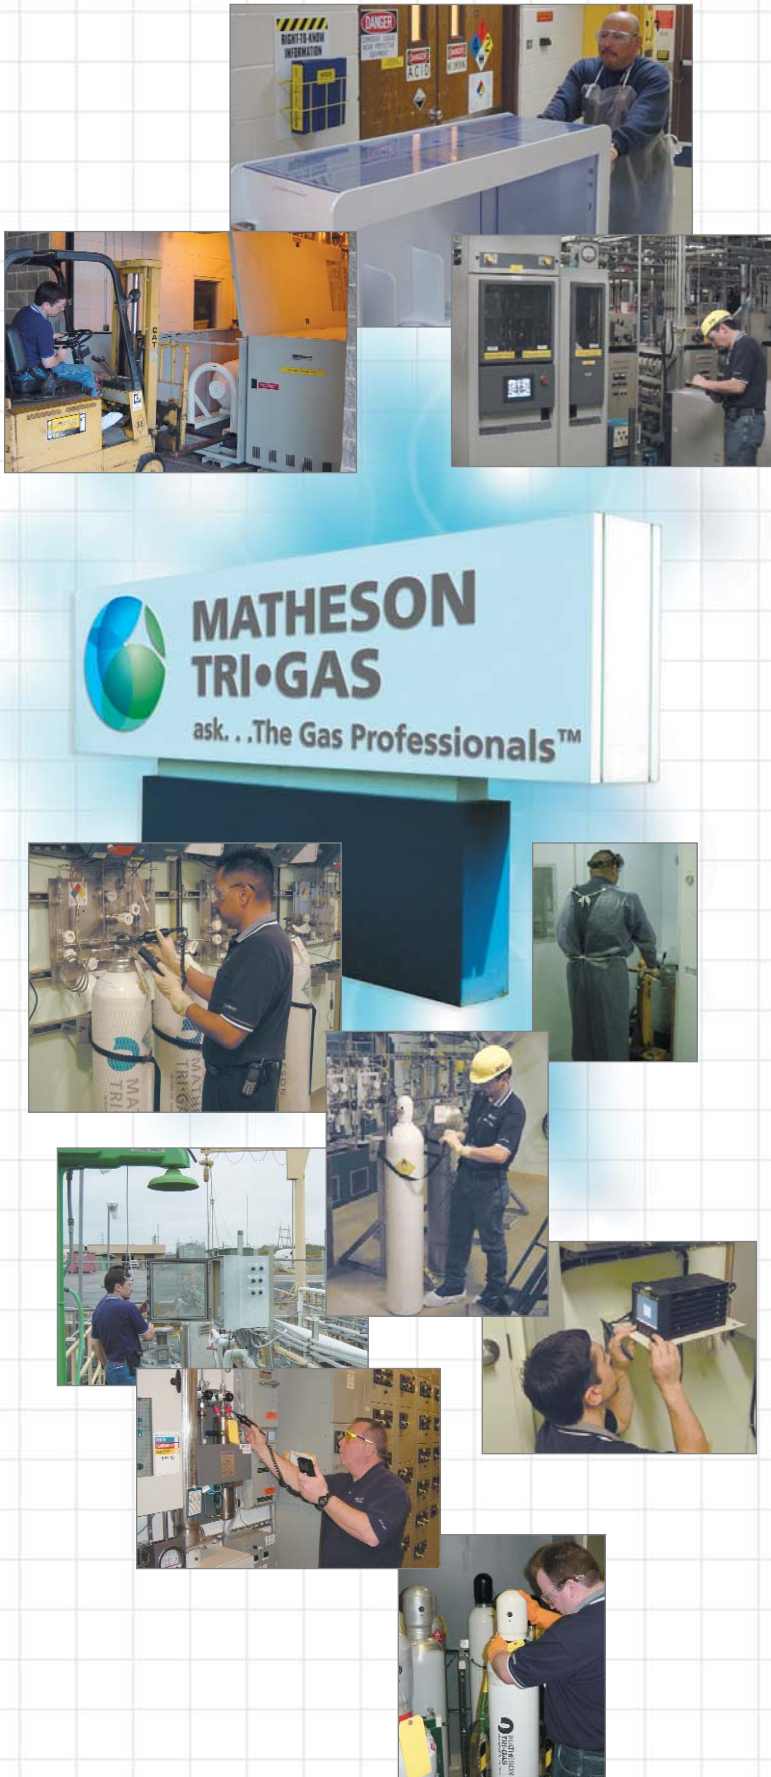

For more information, call **Matheson Tri-Gas Site Service** at **1.831.772.0521**.

Analog Devices Supplier Excellence Award presented to Matheson Tri-Gas Site Services.
