**MATHESON**

ask. . .The Gas Professionals™

**MATHESON** was established in 1927, and from the beginning our objective has been to help our customers stay ahead of rapid advances in technology by developing products that meet the dynamic needs of the industrial, chemical, analytical, electronics and medical industries.

Today, MATHESON is an industry leader, offering a broad line of gases, as well as proven technologies for the delivery and purification of these gases.

We provide complete customer solutions, offering everything from on-site air separation plants to small portable cylinders and all the services required to support these products and customer applications.

MATHESON, along with its parent company, Taiyo Nippon Sanso Corporation, provides a network of manufacturing, customer service and distribution facilities that stands ready to ensure a reliable supply of specialty gases and gas handling equipment. With manufacturing sites worldwide, MATHESON products can be found in every major industrial facility around the globe.
